# **INCREASING FARM PROFITS**

*Record Keeping, Funding & Legal Liability*

**Allendale Meeting (12 pm-3 pm) Lunch Included**

Brant Building, 398 Barnwell Highway Allendale, SC 29810

There is so much more to running a successful farm business than producing crops or raising livestock. To be an effective farm business, you should be keeping good records both farm related and financial. You should also be considering how the business is best funded and where you can reduce any legal liability.

Join us for lunch in Allendale at the Brant Building to learn about how best to manage these issues. The event is free to any preregistered producers. Now is a great time to be considering these activities.

(You must preregister for this event at [scsusbdc.eventbrite.com](http://scsusbdc.eventbrite.com))
